IV. How to choose optional courses

The flexibility of the study program is ensured through elective and optional subjects. The subjects of your choice (elective) are proposed from the second semester and are intended to complement the student's specialization route. The choice of the route is made by the student in the academic year before the elective subjects (with the exception of options for the first year and semester when expressing in the first semester).

V. Organizing courses at optional disciplines

The organization of courses in optional subjects is done through the Dean's Office. In the curriculum of each Bachelor's program, the subjects and the related number of hours are recorded the Diploma Supplement according to the student's option. The allocation of credits for optional subjects is dependent on the successful graduation of the pertaining exam. Credits obtained in optional subjects do not replace credits for compulsory and elective subjects.

VI. Dissertation examination

Conditions for supporting the dissertation exam are presented in a Studies Completion Regulation approved by the Senate of the University. Under this regulation, the presentation at the dissertation exam is conditioned by the promotion of all disciplines in the Education Plan.

1. Period of dissertation work: *Semester 4*
2. Period of dissertation work: *In the June-July session of the last year of study.*

VII. Requirements for obtaining the master's degree

- 120 credits from compulsory subjects;
 - 10 credits from the dissertation exam.
- Total 130 credits
