

Diversification of seafarers' employability paths through collaborative development of competences and certification

Strategic Partnership
2016-1-RO01-KA202-024663

Project Aim

The main objective of the project is "to improve the employability skills and work opportunities for marine workers and to reduce the existing gap between the educational world and labour market by diversification of career paths and skills recognition". This will be supported by the innovative solutions for the recognition and validation of competences acquired in maritime field, through informal and non-formal learning.
Implementation period: 1.09.2016 – 31.08.2018

How do we achieve the project objectives

Kick-off Meeting

During 20th and 21st October, 2016, the first transnational project meeting for launching the project "Diversification of seafarers' employability paths through collaborative development of competences and certification", Strategic partnership 2016-1-RO01-KA202-024663, took place. The event was hosted by Constanta Maritime University in Constanta, Romania.
