

CATALOG WITH THE RESULTS OF THE EVALUATION OF THE REPORTS OF SCIENTIFIC RESEARCH

PhD student: **Malagu Joshua Ogechukwu**

Department of Engineering Sciences in Mechanical and Environmental field

Doctoral school Mechanical and mechatronic engineering

Thesis title:

“Contributions to increasing safety in the operation of container ports”

No.	Research Report	Date of presentation	Steering Committee	Grade	ECTS
1.	Current state of containerized transport and port terminals	June 2021	Prof. Mihael Chircor, Ph.D		50
			Assoc.prof. Dumitru Deleanu, Ph.D.		
			Prof. Paulică Arsenie, Ph.D		
2.	Mathematical modelling of traffic flows in multimodal transport	March 2022	Prof. Mihael Chircor, Ph.D		50
			Assoc.prof. Dumitru Deleanu, Ph.D.		
			Prof. Paulică Arsenie, Ph.D		
3.	Systemic modelling of the increase of safety measures in container terminals	December 2022	Prof. Mihael Chircor, Ph.D		50
			Assoc.prof. Dumitru Deleanu, Ph.D.		
			Prof. Paulică Arsenie, Ph.D
