

**CATALOG WITH THE RESULTS OF THE EVALUATION OF THE REPORTS OF
SCIENTIFIC RESEARCH**

PhD student: Udoh

Department of Engineering Sciences in the mechanical and environmental field

Doctoral school Mechanical and mechatronic engineering

Thesis title:

"Studies and research on optimizing the injection process for naval engines"

No.	Title Research Report	Date presentation	Steering Committee	Qualifying obtained	cst
1.	Current state of research on the injection process in naval engines	June 2021	1. Prof. R. Zagan		50
			2. Assoc. prof. L.Stan		
			3. Lecturer. A. Sabau		
2.	Mathematical models of the injection process and related phenomena	March 2022	1. Prof. R. Zagan		50
			2. Assoc. prof. L.Stan		
			3. Lecturer. A. Sabau		
3.	Experimental research in the field of process and injection systems of naval engines	December 2022	1. Prof. R. Zagan		50
			2. Assoc. prof. L.Stan		
			3. Lecturer. A. Sabau
