

**Dong-Wook Song** is the Korean Chair and Professor of Maritime Economics and Logistics at the World Maritime University, Sweden. He serves as Editor-in-Chief for the *WMU Journal of Maritime Affairs* and the *WMU Book Series in Maritime Affairs*. Recognized as one of the top-rated researchers in maritime economics and logistics by *Marine Policy* (2023) and *Maritime Policy and Management* (2021), his works have been widely cited in the academic discipline. His co-authored paper in 2006 was named a “classic” in the entire field of transportation research by Google Scholar as of 2017. Professor Song’s research focuses on the strategic, policy and managerial aspects of global shipping, ports, and logistics.
