

LISTĂ DE PUBLICAȚII

1. Preda A.-Study regarding marine heat pump , Constanta Maritime University Annals, Year XII vol 17, ISSN 1582-3601, Constanta 2012.
2. Preda A., Acomi N. - Minimizing the heat flow lost by a ballast tank using insulation, Constanta Maritime University Annals, Year XII vol 17, ISSN 1582-3601, Constanta 2012.
3. Preda A., Scupia A. - Energy review on a maritime energy transfer system for comercial use, Advanced Materral Research Vol. 837, pag 763.
4. Preda A., Scupia A. - Numerical computation of an unconventiol device using finite volume method. ModTech International Conference Modern Technologies in Industrial Engineering 27-29 June 2013, Mara Hotel, Sinaia, Romania
5. F. Memet , Preda A.- An analysis of the performance of an ejector refrigeration cycle working with R134a,ModTech Conference, Mamaia 2015, Published under licence by IOP Publishing Ltd • IOP Conference Series: Materials Science and Engineering,Volume 95, conference 1
6. F. Memet , A point of view on Otto cycle approach specific for an undergraduate thermodynamics course in CMU, ModTech Conference, Mamaia 2015, Published under licence by IOP Publishing Ltd • IOP Conference Series: Materials Science and Engineering,Volume 95, conference 1.
