

## STUDY MOBILITY IN GREECE

9<sup>TH</sup> - 13<sup>TH</sup> OF May 2022

During 9-13 May 2022 period, a study mobility took place within the MINE-EMI project, having “on-board” students from the maritime universities of Bulgaria, Romania, Turkey and Greece.

The event was hosted by Municipality of Piraeus-Piraeus/Greece. The short internship was carefully prepared by the host city, including a lot of activities, such as a tour of non-commercial Port and of the coastline of Piraeus with a small open bus-train, a visit to the Municipal Theatre and Cosco Shipping and the possibility to admire S.S HELLAS LIBERTY-Floating Maritime Museum.

Besides all of the touristic and cultural visits, the students were introduced to the innovation and technological area, having the opportunity to admire the Blue Lab Innovation Centre, to participate to online meetings regarding the Ecosystem Management, Shipping Trade, even about Shipping Finance & Accounting. The experience ended with a course and a ceremony of handing over the project diplomas.
